 **WALDORF SENIOR CENTER**  
**90 POST OFFICE RD, WALDORF, MD**

The Winning from Within Mentor Project is a specialized initiative that sets itself apart from traditional mentoring programs through its dual focus. It is intentionally designed to support the growth of mentors just as much as the youth they serve. The project seeks male and female community members to serve as mentors for a select group of young people ages 12-18, creating meaningful, healing-centered relationships built on trust, structure, and shared purpose.
